DESCRIPTION

This proposed legislation permits schools to display documents that reflect the school district's societal, cultural, or religious heritage when the district has developed a policy that requires a context for the display and an explanation of the version of the displayed documents. The policy will also require public hearings in subsequent years to take testimony on the appropriateness of the display. The sponsor of the display will be required to verify that the context requirements are still valid.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
